

data sheet for layout - waterbelt basic

strap measures: 25 x 1700 mm (width x length)

printable surface: 23 x 1580 mm excl. seam allowance

print data: .eps or .ai file format, pc compatibel

printing: screen printing, additional colors possible;
every visible color is a print color (no color gradient possible) - any color according to Pantone range
standard: onesided imprint on the strap

alternative printing: upon request (e.g. heattransfer printing)

minimum order quantity: 250 pieces

workflow: Upon receipt your print files we will send you a layout for approval. After receiving your approval we will arrange the mass production.

sample: A pre-production sample is for free (when placing an order). Please be noted: thereby the delivery time will be extended for 2 weeks.

notes:

- script in vector format
- we need a margin of about 1 mm on the band's upper and lower edges, that means the printable width is 23 mm.
